**LOGLINE:**

*RIGGED* is a short film about the rigged economy . . . and somebody trying to do something about it.

**QUOTE:**

“The outstanding fault of the economy is the inequitable distribution of wealth.”  
—*John Maynard Keynes*

**SYNOPSIS:**

A big data analyst at an investment firm proposes a no-fee investment plan to attract low-income investors against the vehement objections of his billionaire CEO.

**DIRECTOR'S STATEMENT:**

*RIGGED* is a social justice film about the rigged economy. It is not another film about the 2008 financial crisis produced by sub-prime mortgages or credit swaps. It hopes to draw attention to economic inequality and help inspire change to the rigged economy.
